

## **BATH ARTISTS' STUDIOS**

### **ENVIRONMENTAL POLICY STATEMENT**

Bath Artists' Studios Limited is committed to being a leader in the arts sector in minimising the impact of its activities on the environment.

The key points of its strategy to achieve this are:

- To minimise waste by evaluating operations and ensuring they are as efficient as possible.
- To contribute to minimising toxic emissions through the selection and source of its power requirement.
- To actively promote recycling both internally, to its membership, to customers for its activities and suppliers.
- To source products to minimise the environmental impact of its activities.
- To meet or exceed all the environmental legislation relating to the organisation.
- To use an accredited programme to offset greenhouse gas emissions generated by its activities???
- To implement training and information sharing for its staff and studio holders raising awareness of environmental issues and enlisting their support in improving the organisation's performance
- To encourage the integration of environmental awareness within the content of products offered by the organisation and its members within its activities as an educational charity.
